

*Putting a
woosh in
washroom services*

wooshTM

Join the REVO-LOO-TION in washroom services

OK, so Woosh isn't the biggest name in washroom services. It's only five letters. But since when has biggest meant best? Unless you're a boxing heavyweight, in which case we won't be arguing. Nope, being smaller just means we try harder.

But you won't find us blowing our own trumpets. The noise would be terrible and we'd never get any work done. Yet some of the biggest companies in the world have relied on us for decades.

From day one, we worked hard, learnt fast and got it right. There's no place in this game for lousy loos. It's survival of the freshest and fittest. So we had to be the best.

Want to get involved? Things are changing. Washroom services were once a dull legal requirement. Now they're pure rock n' roll. Join us on centre stage.

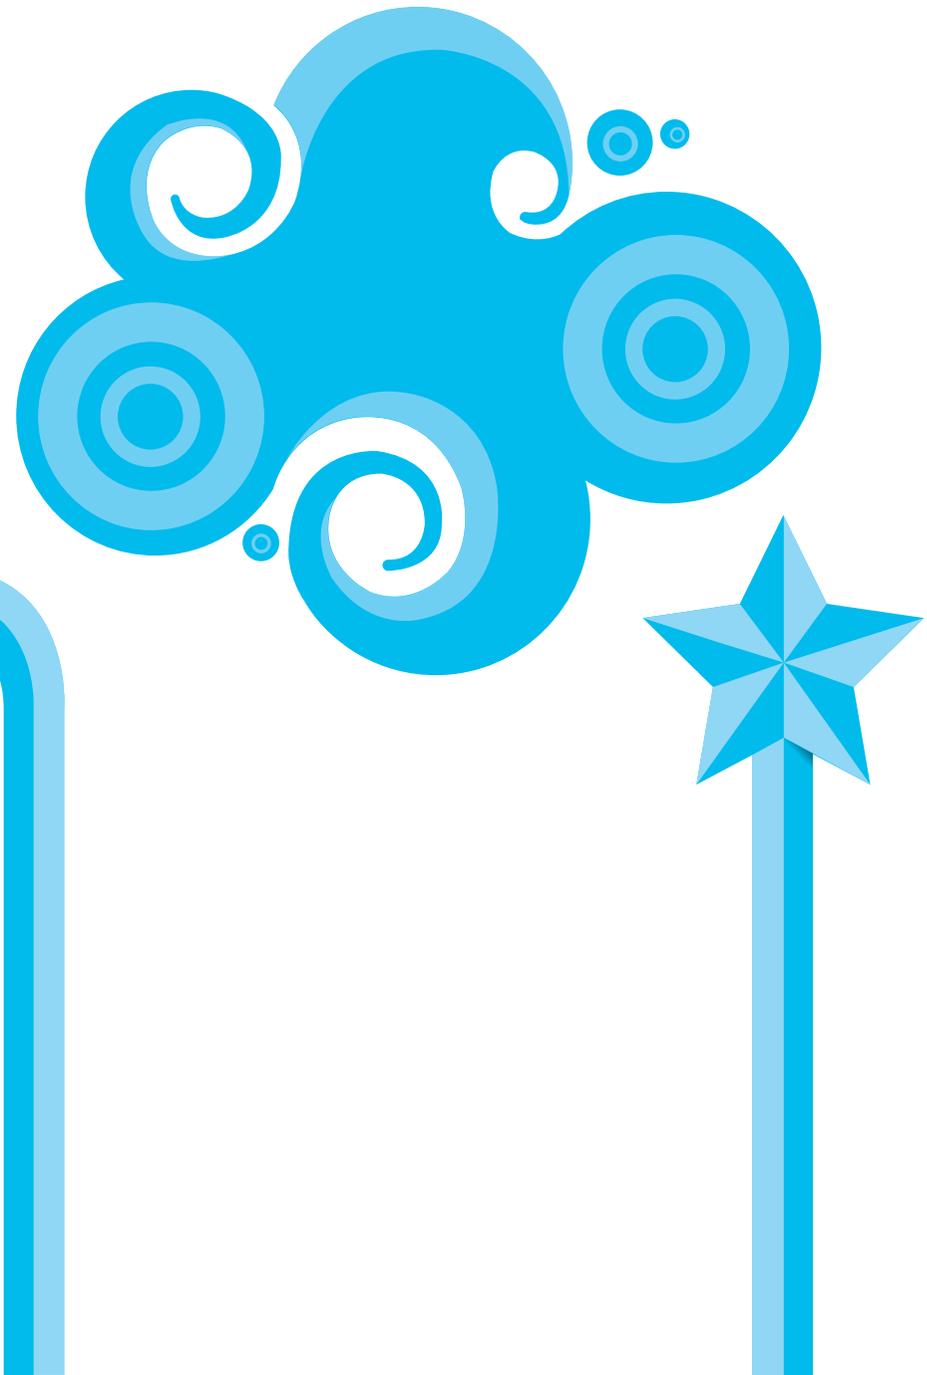

Making your woosh come true

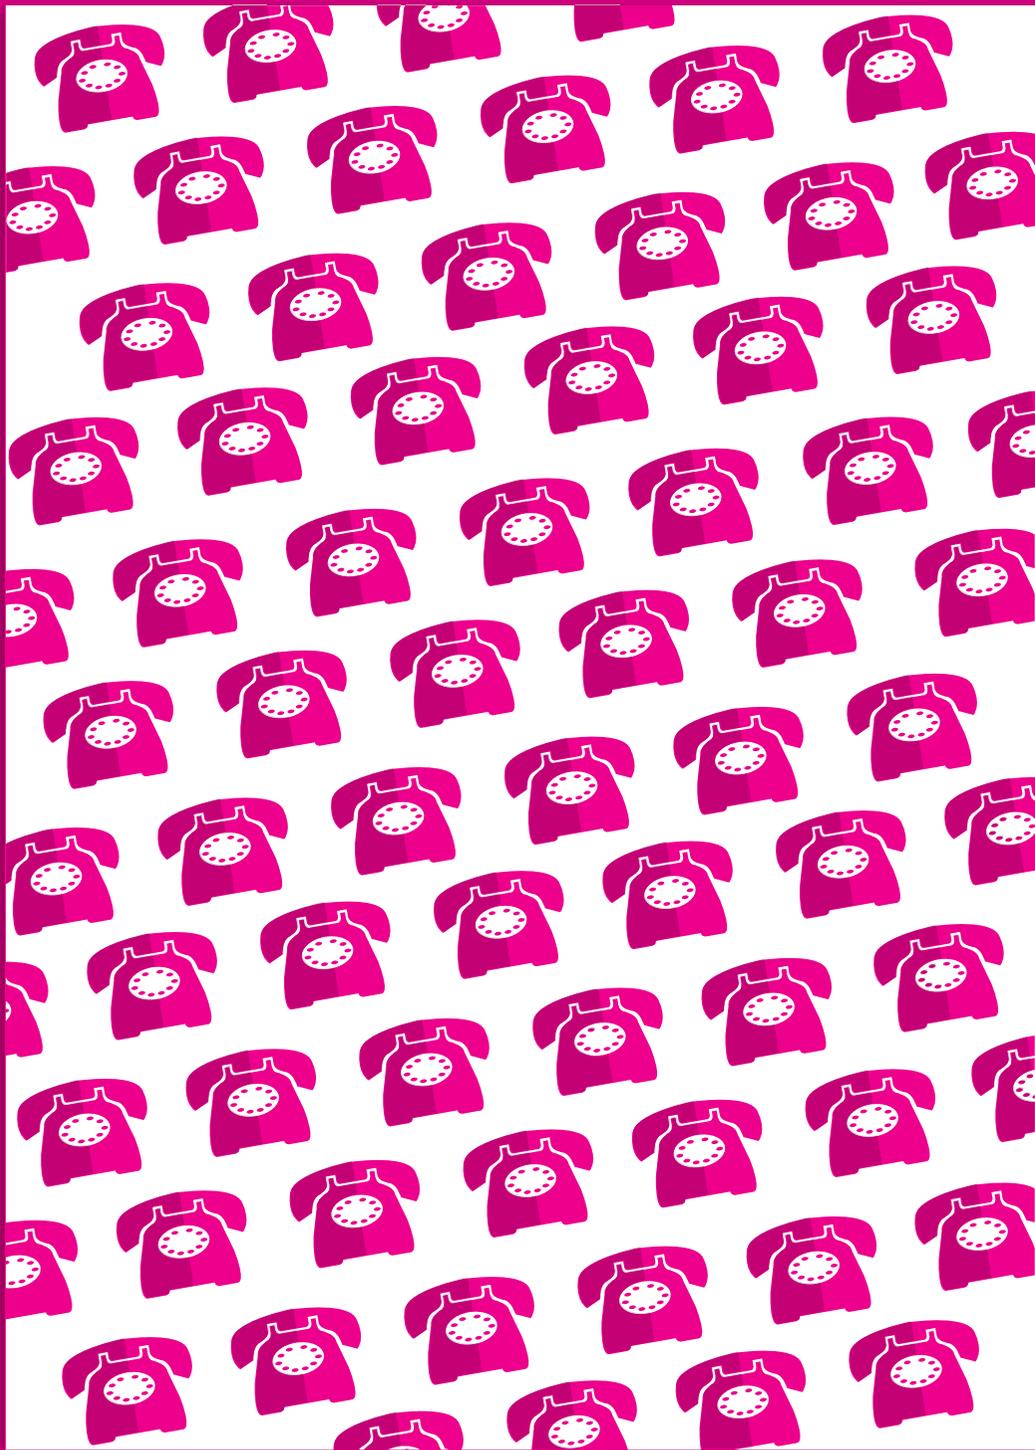

All together now, close your eyes and make a washroom wish.
We won't run off and hide. Promise.

What did you wish for? To work with a state-of-the-art company with traditional values? To be showered with compliments over your fresh and welcoming wooshrooms? Honest advice to help you run your facilities more efficiently? Or maybe just a stress-free day?

We won't tie you down to a 'one solution fits all' contract. Or anything else, for that matter. Our service agreement with you will be as tailored as a Savile Row suit. Right down to the cufflinks. It'll be hassle-free, on time, guaranteed and traceable. We promise.

After all, where there's a Woosh, there's a way.

WE GIVE CALL CENTRES THE FLUSH!

Where would you like to spend eternity? I'll bet it's not in an automated phone system. Us neither.

That's why, when you work with Woosh, we answer your questions and solve your problems in person. We flush out the old and Woosh in the new. We'll know your name, keep our promises, be familiar with your site and be honest even if things do go a bit wrong.

Yes, but we would say that, wouldn't we? Well yes, we would. But statistics prove that we fulfil our commitments 99.4%. That's pretty good going when the industry average is a miserable 68%.

But our business isn't about numbers. Numbers don't use washrooms. People do. And we like happy people.

Don't just wash your hands...

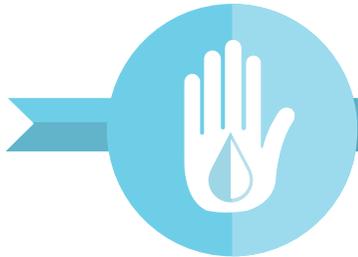

At Woosh, we're much more than just bins and air fresheners. Oh yes. We can help you save water or make your entrance mat fit for the Queen. It's about going the extra mile (the Royal Mile). Because we believe a happy and clean workplace is a productive workplace.

Join the queue of happy customers who agree, and use us again and again. And again.
